

Editorial Board

Brian Charlesworth, Editor

School of Biological Sciences, University of Edinburgh

Kate Arnold

Division of Environmental and Evolutionary Biology, University of Glasgow

Phoebe Barnard

Global Change Research Group, Kirstenbosch Research Centre

Joy Bergelson

Department of Ecology and Evolution, University of Chicago

Andrew Biewener

Concord Field Station, Harvard University

Daniel Blumstein

Department of Ecology and Evolutionary Biology, University of California, Los Angeles

Lindell Bromham

Department of Biological Sciences, University of Sussex

Rob Brooks

School of Biological, Earth and Environmental Sciences, University of New South Wales

Clive Catchpole

School of Biological Sciences, Royal Holloway, University of London

Tom Cavalier-Smith

Department of Zoology, University of Oxford

Tracey Chapman

Department of Biology, University College London

Phil Clapham

Alaska Fisheries Science Center, National Marine Mammal Laboratory

Tim Clutton-Brock

Department of Zoology, University of Cambridge

Hans Ellegren

Avdelningen för Evolutionsbiologi, Uppsala Universitet

Richard Fortey

Department of Palaeontology, The Natural History Museum, London

Vernon French

Institute of Cell, Animal and Population Biology, University of Edinburgh

Chris Frith

Wellcome Department of Cognitive Neurology, University College London

Jacques Gauthier

Division of Vertebrate Paleontology, Yale University

Daniel Haydon

Division of Environmental and Evolutionary Biology, University of Glasgow

Joan Herbers

Department of Evolution, Ecology and Organismal Biology, Ohio State University

Lukas Keller

Zoologisches Museum, Universität Zürich

Thomas Kocher

Hubbard Center for Genome Studies, University of New Hampshire

Alexey Kondrashov

National Center for Biotechnology Information, National Institutes of Health, Bethesda, Maryland

Richard Lenski

Microbiology and Molecular Genetics, Michigan State University

Alun Lloyd

Department of Mathematics, North Carolina State University

Johanna Mappes

Department of Biological and Environmental Science, University of Jyväskylä

Charles Nunn

Primatology, Max Planck Institut für Evolutionäre Anthropologie, Leipzig

Sarah Otto

Department of Zoology, University of British Columbia

John Pannell

Department of Plant Sciences, University of Oxford

Mark Rausher

Department of Biology, Duke University

Mike Ritchie

Department of Environmental and Evolutionary Biology, University of St Andrews

Paul Schmid-Hempel

Experimentelle Oekologie, ETH Zürich

Richard Shine

Department of Biological Sciences, University of Sydney

AIMS AND SCOPE

Launched as an independent journal in 2005 *Biology Letters* is a primarily online, peer-reviewed journal that publishes short, high-quality articles from across the biological sciences. The scope of *Biology Letters* is vast: publishing high-quality research in any area of the biological sciences. However, we have particular strengths in the biology, evolution and ecology of whole organisms. Articles submitted to *Biology Letters* benefit from its broad scope and readership, dedicated media promotion and an average turnaround time of 6 weeks to first decision. The journal is particularly suited to research that requires high visibility due to its cross-disciplinary nature or novel findings.

Copyright © 2005 & 2006 The Royal Society

Except as otherwise permitted under the Copyright, Designs and Patents Act, 1988, this publication may only be reproduced, stored or transmitted, in any form or by any other means, with the prior permission in writing of the publisher, or in the case of reprographic reproduction, in accordance with the terms of a licence issued by the Copyright Licensing Agency. In particular, the Society permits the making of a single photocopy of an article from this issue (under Sections 29 and 38 of this Act) for an individual for the purposes of research or private study.

SUBSCRIPTIONS

In 2006 *Biology Letters* (ISSN 1744-9561) will be published quarterly. Full details of subscriptions may be obtained on request from the Subscription Sales Department, The Royal Society, 6–9 Carlton House Terrace, London SW1Y 5AG. Tel +44 (0)20 7451 2646; fax +44 (0)20 7976 1837; email: sales@royalsoc.ac.uk. The Royal Society is Registered Charity No 207043

Subscription prices 2006 calendar year	Europe	USA & Canada	All other countries
<i>Biology Letters</i> electronic access plus print copies	£550/US\$1017	£572/US\$1058	£597/\$1104
<i>Biology Letters</i> and <i>Proceedings of The Royal Society B</i> electronic access plus printed versions	£1130/US\$2091	£1190/US\$2201	£1225/US\$2266
