Animal behaviour
1 Aphids do not attend to leaf colour as visual signal, but to the handicap of reproductive investment
H. M. Schwaner & S. B. Reference
5 Male swordtails court with an audience in mind
H. S. Fisher & C. C. Brownell
8 Reproductive signalling in birds
C. S. Evans & I. Evans
12 The impact of climatic variation on the opportunity for sexual selection
S. D. Torre, C. Thomas, V. Poland, J. A. Graves & P. Pemsey
47 Continent-wide variation in feather colour of a migratory ungulate: the reindeer (Rangifer tarandus)
J. S. Keogh, J. K. Webb & R. Shine
51 The nested structure of marine cleaning symbiosis: is it like flowers and bees?
L. E. Loe, A. Mysterud, A. Stien, H. Steen, D. M. Evans
54 Continuously varying in feather colour of a migratory ungulate: the reindeer (Rangifer tarandus)
J. S. Keogh, J. K. Webb & R. Shine
57 Does the 43 bp sequence from an 800 000 year old Cretan dwarf elephantid really rewrite the textbook on mammoths?
J. Binladen, M. T. P. Gilbert & E. Willerslev

Evolutionary biology
26 Neural evolution in the bat-free habitat of Tahiti: partial regression in an anti-predator auditory system
J. H. Fullard, J. M. Ratcliffe & H. ter Hofstede
29 Conflict between direct and indirect benefits of female choice in desert Gomphus
B. Raymond, A. H. Sayyed & D. J. Wright
33 Spatial genetic analysis and long-term mark-recapture data demonstrate male-biased dispersal in a snake
Ø. Holand, K. R. Askim, K. H. Røed, R. B. Weladji, H. Gjøstein
36 No evidence of inbreeding avoidance in a polygynous avifauna
J. Jaenike, M. Polak, A. Fiskin, M. Helou & M. Minhas
39 Conflict between direct and indirect benefits of female choice in desert Gomphus
B. Raymond, A. H. Sayyed & D. J. Wright
44 Experience pays: offspring survival increases with female age
R. T. Patz, H. K. Harris, R. M. Bowden & R. M. Bowden
47 Reproducing lizards modify sex allocation in response to operational sex ratios
D. A. Werner & R. Shine

Neurobiology
64 Familiarity accentuates gaze cueing in women but not men
R. D. Deaner, S. V. Shepherd & M. L. Platt
66 Differential influence of Pomphorhynchus laevis (Acanthocephala) on brain serotonin activity in two congeneric host species
J. E. Zouros, D. S. Reese, S. Glaberman & A. Caccone

Pathogen biology
82 Host plant and population determine the fitness costs of resistance to Bacillus thuringiensis
R. Raymond, A. R. Sayed & D. J. Wright
85 Scaling of tree vascular transport systems along gradients of nutrient supply and altitude
M. S. Radford, D. M. Evans & M. Evans
86 NSAIDs and scavenging birds: potential impacts beyond Asia's critically endangered vultures
P. S. L. Anderson & M. W. Williams
87 Evidence of deferred food-processing costs in diving seals
C. E. Sparling, M. A. Fedak & D. Thompson
90 Changes in body temperature influence the scaling of VO2 max and aerobic scope in mammals
J. F. Gillooly & A. P. Allen

Population ecology
93 Treehoppers are more closely related than non-infected deer
J. A. Rouchong, K. T. Iseilbener, A. N. Kravchenko & S. R. Winterstein
96 Harvesting of male delays female breeding in a socially monogamous mammal, the beaver
H. Parker, F. Rosell & A. Mysterud
99 Changes in body temperature influence the scaling of VO2 max and aerobic scope in mammals
J. F. Gillooly & A. P. Allen

Molecular evolution
55 800 000 year old mammoth DNA, modern elephant DNA or PCR artefact?
J. Binladen, M. T. P. Gilbert & E. Willerslev

Community ecology
29 A multiple-site similarity measure
O. H. Disier & P. Sazima

Evolutionary biology
26 Neural evolution in the bat-free habitat of Tahiti: partial regression in an anti-predator auditory system
J. H. Fullard, J. M. Ratcliffe & H. ter Hofstede
29 Conflict between direct and indirect benefits of female choice in desert Gomphus
B. Raymond, A. H. Sayyed & D. J. Wright
33 Spatial genetic analysis and long-term mark-recapture data demonstrate male-biased dispersal in a snake
Ø. Holand, K. R. Askim, K. H. Røed, R. B. Weladji, H. Gjøstein
36 No evidence of inbreeding avoidance in a polygynous avifauna
J. Jaenike, M. Polak, A. Fiskin, M. Helou & M. Minhas
39 Conflict between direct and indirect benefits of female choice in desert Gomphus
B. Raymond, A. H. Sayyed & D. J. Wright
44 Experience pays: offspring survival increases with female age
R. T. Patz, H. K. Harris, R. M. Bowden & R. M. Bowden
47 Reproducing lizards modify sex allocation in response to operational sex ratios
D. A. Werner & R. Shine

Marine biology
51 The nested structure of marine cleaning symbiosis: is it like flowers and bees?
P. R. Guzmán & C. Sazima, S. D. Dos Reis & I. Sazima

Physiology
86 Scaling of tree vascular transport systems along gradients of nutrient supply and altitude
M. S. Radford, D. M. Evans & M. Evans
88 Nutrient processing costs in diving seals
C. E. Sparling, M. A. Fedak & D. Thompson
95 Changes in body temperature influence the scaling of VO2 max and aerobic scope in mammals
J. F. Gillooly & A. P. Allen
