Animal behaviour

113 Learning influences host choice in tsetse
J. Bouyer, M. Pruvot, Z. Bengaly, P. M. Guerin & R. Lancelot

117 Malagasy birds as hosts for eye-frequenting moths
J. Martín & F. López

121 Preparulatory stabbing, hypodermic injections and unilateral copulations in a hermaphroditic sea slug
N. Arévalo & N. E. Michaud

125 Scorn may signal fighting ability in male Iberian rock lizards
J. Martin & F. López

128 Stress impacts telomere dynamics
A. Kotrschal, P. Ilmonen & D. J. Penn

131 Like mother, like daughter: inheritance of nest-site location in snakes
G. F. Brown & R. Shine

134 Early learning influences species assortative mating preferences in Lake Victoria cichlid fish
D. Vezzard, V. Zuber & C. Sägesser

137 When to use social information: the advantage of large group size in individual decision making
A. J. King & G. Cowlishaw

140 Making good choices with variable information: a stochastic model for nest-site selection by honeybees
R. S. Perretto & P. M. Myerscough

144 Green swordtails alter their age at maturation in response to the population level of male ornamentation
C. A. Walling, N. J. Royle, N. B. Metcalfe & J. Lindström

147 Aggression and conflict management at fusion in spider monkeys
A. Audu & C. M. Schaffner

150 Host finding in aphids and the handicaps of trapping methods
T. J. Dearing & J. Handley

152 How to investigate a putative signal? Stick to the right method when assessing the response of a receiver
H. M. Scharer & G. R. Bischof

Evolutionary biology

154 Disrupting the timing of Wolbachia-induced male-killing
S. Charlat, N. Davies, G. K. Roderick & G. D. D. Hurst

157 No evidence that polymorphisms of brain regulator genes Microcephalin and ASPM are associated with general mental ability, head circumference or altruism
J. P. Rushton, P. A. Vernon & T. A. Bons

161 Nematode parasites reduce carotenoid-based signalling in male red grouse
J. Martinez-Padilla, F. Mougeot, L. Pinoz-Rodríguez & G. R. Botolichi

165 Genetically enhanced growth causes increased mortality in hypoxic environments

171 Parallel tool industries in New Caledonian crows
C. R. Hunt & R. D. Gray

176 Social common mole-rats enhance outbreeding via extra-pair mating
M. N. Verzijden & C. ten Cate

180 The origin of mitochondria in light of a fluid prokaryotic chromosome model
G. R. Hunt & R. D. Gray

184 Linking sandeel consumption and the likelihood of starvation in harbour porpoises in the Scottish North Sea: could climate change mean more starving porpoises?
C. D. MacLeod, I. B. Santos, R. P. Reid, B. E. Scott & G. J. Pierce

188 Mitochondrial DNA recombination in a free-ranging Australian lizard
B. Upset, M. Davison & T. Madsen

191 Late Holocene extinction of Puerto Rican native land mammals
S. T. Turner, J. R. Oliver, Y. M. Narganes Storde & P. Rye

197 Exceptional preservation of nerve and muscle tissues in Late Devonian placoderm fish and their evolutionary implications
K. Imsaqué, C. Marshall, J. Long & K. Rieki

201 Using ghost lineages to identify diversification events in the fossil record
L. Carr & F. L. Ferry

Molecular evolution

205 Phylogenetic relationships and divergence times of Charadriiformes genera: multigene evidence for the Cretaceous origin of at least 14 clades of shorebirds
A. J. Baker, S. L. Pereira & T. A. Paton

210 Interaction between host genotype and environmental conditions affects bacterial density in Wolbachia symbiosis
L. Minutos, H. Henri, D. Chetel, M. Boulétreau & P. Vaire

214 Tyrannosaur ageing
R. E. Bakker

218 A private allele ubiquitously in the Americas
