**Animal behaviour**

113 Learning influences host choice in tsetse: J. Bouyer, M. Pruvot, Z. Bengaly, P. M. Guerin & R. Lancelot

117 Malagasy birds as hosts for eye-frequenting moths: J. Martin & T. Lopes

121 Precopulatory stabbing, hypodermic injections and unilateral copulations in a hermaphroditic sea slug: N. Anthes & N. R. Michael

125 Scent may signal fighting ability in male Iberian rock lizards: J. Martín & P. López

128 Stress impacts telomere dynamics: A. Krokisch, P. Pearson & D. J. Penn

131 Like mother, like daughter: inheritance of nest-site location in snakes: C. F. Brown & E. Shine

134 Early learning influences species assortative mating preferences in Lake Victoria cichlid fish: D. Vences & C. L. C. M. Schaffner

137 When to use social information: the advantage of large group size in individual decision making: A. J. King & G. Cowlishaw

140 Making good choices with variable information: a stochastic model for nest-site selection by honeybees: B. S. Perdriau & M. R. Myerscough

144 Green swordtails alter their age at maturation in response to the population level of male ornamentation: C. A. Walling, N. J. Royle, N. B. Metcalfe & J. Lindström

147 Aggression and conflict management at fusion in spider monkeys: J. A. King & C. M. Schaffner

150 Host finding in aphids and the handicaps of trapping methods: T. J. Ewing & J. Harlow

152 How to investigate a putative signal? Stick to the right method when assessing the response of a receiver: H. M. Scharler & G. Rosenthal

**Evolutionary biology**

154 Disrupting the timing of Wolbachia-induced male-killing: T. Charle, N. Davies, C. R. Rosario & C. D. D. Reed

157 No evidence that polymorphisms of brain regulator genes Microcephalin and ASPM are associated with general mental ability, head circumference or altruism: C. A. Walsh, N. J. M. Rees, N. R. Michael & J. Landrham

147 Aggression and conflict management at fusion in spider monkeys: J. A. King & C. M. Schaffner

150 Host finding in aphids and the handicaps of trapping methods: T. J. Ewing & J. Harlow

152 How to investigate a putative signal? Stick to the right method when assessing the response of a receiver: H. M. Scharler & G. Rosenthal

**Genome biology**

180 Mitochondrial DNA recombination in a free-ranging Australian lizard: B. Ujvari, M. Dowton & T. Maden

189 Mitochondrial DNA recombination in a free-ranging Australian lizard: B. Ujvari, M. Dowton & T. Maden

197 Exceptional preservation of nerve and muscle tissues in Late Devonian placoderm fish and their evolutionary implications: K. Hugel, C. Marshall, L. Long & J. R. Kettle

201 Using ghost lineages to identify diversification events in the fossil record: L. Cavin & P. L. Ferry

**Marine biology**

185 Linking sandeel consumption and the likelihood of starvation in harbour porpoises in the Scottish North Sea: could climate change mean more starving porpoises? C. D. MacLeod, M. B. Santos, R. J. Reid, B. E. Scott & G. J. Pierce

**Molecular evolution**

189 Mitochondrial DNA recombination in a free-ranging Australian lizard: B. Ujvari, M. Dowton & T. Maden

189 Mitochondrial DNA recombination in a free-ranging Australian lizard: B. Ujvari, M. Dowton & T. Maden

197 Exceptional preservation of nerve and muscle tissues in Late Devonian placoderm fish and their evolutionary implications: K. Hugel, C. Marshall, L. Long & J. R. Kettle

201 Using ghost lineages to identify diversification events in the fossil record: L. Cavin & P. L. Ferry

**Phylogeny**

208 Interaction between host genotype and environmental conditions affects bacterial density in Wolbachia symbiosis: L. Mouton, H. Henri, D. Charif, M. Boulétreau & F. Vavre

212 Tyrannosaur ageing: R. E. Biebow

212 Tyrannosaur ageing: R. E. Biebow
