

## Editorial Board

**Brian Charlesworth, Editor**

School of Biological Sciences, University of Edinburgh

**Kathryn Arnold**

Division of Environmental and Evolutionary Biology, University of Glasgow

**Phoebe Barnard**

Global Change Research Group, Kirstenbosch Research Centre

**Andrew Biewener**

Concord Field Station, Harvard University

**Daniel Blumstein**

Department of Ecology and Evolutionary Biology, University of California, Los Angeles

**Lindell Bromham**

School of Botany and Zoology, Australian National University

**John Brookfield**

Institute of Genetics, University of Nottingham

**Rob Brooks**

School of Biological, Earth and Environmental Sciences, University of New South Wales

**Richard Byrne**

School of Psychology, University of St Andrews

**Josep Call**

Max Planck Institute for Evolutionary Anthropology

**Clive Catchpole**

School of Biological Sciences, Royal Holloway, University of London

**Tom Cavalier-Smith**

Department of Zoology, University of Oxford

**Tracey Chapman**

School of Biological Sciences, University of East Anglia

**Phil Clapham**

Alaska Fisheries Science Center, National Marine Mammal Laboratory

**Tom Daniel**

Biology Department, University of Washington

**Laurent Duret**

Laboratoire Biométrie et Biologie Evolutive, CNRS

**Hans Ellegren**

Avdelningen för Evolutionsbiologi, Uppsala Universitet

**Richard Fortey**

Department of Palaeontology, The Natural History Museum, London

**Chris Frith**

Wellcome Department of Cognitive Neurology, University College London

**Jacques Gauthier**

Division of Vertebrate Paleontology, Yale University

**Jessica Gurevitch**

Department of Ecology and Evolution, Stony Brook University

**Daniel Haydon**

Division of Environmental and Evolutionary Biology, University of Glasgow

**Joan Herbers**

Department of Evolution, Ecology and Organismal Biology, Ohio State University

**Toby Johnson**

Roslin Institute, Roslin Biocentre

**Lukas Keller**

Zoologisches Museum, Universität Zürich

**Hanna Kokko**

Department of Biological and Environmental Sciences, University of Helsinki

**Alun Lloyd**

Department of Mathematics, North Carolina State University

**Johanna Mappes**

Department of Biological and Environmental Science, University of Jyväskylä

**Chris Margules**

Sustainable Ecosystems, CSIRO

**Daniel Mennill**

Department of Biological Sciences, University of Windsor

**Charles Nunn**

Primateology, Max Planck Institut für Evolutionäre Anthropologie, Leipzig

**Sarah Otto**

Department of Zoology, University of British Columbia

**John Pannell**

Department of Plant Sciences, University of Oxford

**Andrew Rambaut**

Institute of Evolutionary Biology, University of Edinburgh

**Mark Rausher**

Department of Biology, Duke University

**Mike Ritchie**

Department of Environmental and Evolutionary Biology, University of St Andrews

**Paul Schmid-Hempel**

Experimentelle Oekologie, ETH Zürich

**Ole Seehausen**

Institute of Zoology, University of Bern

**Richard Shine**

Department of Biological Sciences, University of Sydney

**Tom Smulders**

School of Biology, University of Newcastle

**Paul Sniegowski**

Department of Biology, University of Pennsylvania

**John Speakman**

Institute of Biological and Environmental Sciences, University of Aberdeen

**John Stachowicz**

Section of Evolution and Ecology, UC Davis

**Wilfried Thuiller**

**AIMS AND SCOPE**

Launched as an independent journal in 2005 *Biology Letters* is a primarily online, peer-reviewed journal that publishes short, high-quality articles from across the biological sciences. The scope of *Biology Letters* is vast: publishing high-quality research articles and opinion pieces in any area of the biological sciences. However, we have particular strengths in the biology, evolution and ecology of whole organisms. Articles submitted to *Biology Letters* benefit from its broad scope and readership, dedicated media promotion and an average turnaround time of 4 weeks to first decision. The journal is particularly suited to research that requires high visibility due to its cross-disciplinary nature or novel findings.

**Copyright © 2008 & 2009 The Royal Society**

Except as otherwise permitted under the Copyright, Designs and Patents Act, 1988, this publication may only be reproduced, stored or transmitted, in any form or by any other means, with the prior permission in writing of the publisher, or in the case of reprographic reproduction, in accordance with the terms of a licence issued by the Copyright Licensing Agency. In particular, the Society permits the making of a single photocopy of an article from this issue (under Sections 29 and 38 of this Act) for an individual for the purposes of research or private study.

**SUBSCRIPTIONS**

In 2009 *Biology Letters* (ISSN 1744-9561) will be published bimonthly, with six issues a year. Full details of subscriptions may be obtained either by contacting our journal fulfilment agent, Portland Customer Services, Commerce Way, Colchester CO2 8HP; tel: +44 (0)1206 796351; fax: +44 (0)1206 799331; email: sales@portland-services.com or by visiting our website at publishing.royalsociety.org/subscribers. From 2008 personal subscriptions are available for this journal – see prices. Full ordering information can be obtained from Portland Customer Services. These rates apply to bona fide individual use only. They must be paid by personal cheque or credit card, and orders cannot be delivered to an institutional address. The Royal Society is Registered Charity No 207043
