Meeting report
145 Biodiversity research sets sail:
143 showing the diversity of marine life
141 T. J. Webb

Animal behaviour
146 Tactical reproductive parasitism via
larval cannibalism in Peruvian pipefish
frogs
143 J. S. Broer, V. Morales & R. Saunders
139 From coprophagy to predation: a
dung beetle that kills milkpaddies
136 T. H. Lassen, A. Lopera, A. Forth &
F. Grüner
134 Sexual segregation of pelagic shags
and the potential threat from fisheries
131 G. R. Mucientes, N. Queiroz, L. L. Sousa,
P. Tarroso & D. W. Sims
130 Latent inhibition of predator
recognition by embryonic amphibians
127 M. C. O. Farnia & D. F. Cheng
125 Swarming sparrows modulate vocal
performance in an aggressive context
122 A. S. Dall, S. Novicki & W. A. Scayce
120 Lactating red squirrels experiencing
high heat load occupy less insolated
nests
117 C. U. Gallensteile, O. E. Fletcher, S. Boxum,
R. M. Hodges, A. G. McMahan &
M. M. Humphries
115 Evidence for egg discrimination
preventing failed rejection attempts in
a small cockroach
113 A. Antonios, B. C. Stokoe, A. Makran &
E. Nokta
111 Calculated reciprocity after all:
computation behind token transfers
in orang-utans
108 V. Dulik, M. Polk, M. Naumann,
B. Thierry & J. Call
106 Indirect cues of nest predation risk
and avian reproductive decisions
103 M. Miklósková, T. Forsten, T. Karavapa &
S. Warna
102 Oestradiol level and opportunistic
matting in women
100 M. M. Cornejo & N. P. Li
100 Production and perception of
communicatory signals in a noisy
environment
97 G. A. Turner & R. B. Whittaker
94 Assessment and decision-making in a
