Meeting report
145 Biodiversity research sets sail: showcasing the diversity of marine life T. J. Vsob

Animal behaviour
148 Tactical reproductive parasitism via larval cannibalism in Peruvian poison frogs J. S. Bower, V. Morales & K. Summers

152 From camouflage to predation: a dung beetle that kills milipedes T. R. Laren, A. Lopera, A. Forthill & E. Gómez

156 Sexual segregation of pelagic sharks and the potential threat from fisheries G. R. Mucientes, N. Queiroz, L. L. Souza, P. Tarnowski & W. S. Sim

160 Latent inhibition of predator recognition by embryonic amphibians M. C. O. Ferranti & D. F. Chiew

163 Swamp sparrows modulate vocal performance in an aggressive context A. L. Dufau, S. Novicki & W. A. Stacey

167 Lactating red squirrels experiencing high heat load occupy less insulated nests C. U. Galante, E. F. Fletcher, S. Buxton, R. M. Hodges, A. C. McAlpine & M. R. Humphries

169 Evidence for egg discrimination preceding failed rejection attempts in a small cuckoo host A. Antonsen, E. C. Stoks, A. Mokras & E. Revah

172 Calculated reciprocity after all: computation behind token transfers in orang-utans V. Dulski, M. Piek, M. Naumann, B. Thiery & J. Call

176 Indirect cues of nest predation risk and avian reproductive decisions M. Miklósiková, J. E. Forrester, S. Karavarga & S. Brown

179 Oestradiol level and opportunistic indigestion in a noisy environment C. C. Ioannou & J. Krause

207 Tropical deforestation alters resource availability for marine mammals: evidence from the Barents Sea M. M. Humphries

211 Comment. Selective harvesting with fishing mortality mimic the patterns of natural mortality? P. J. Corkeron

221 Convergent evolution of 'creepers' in polychaete and reproduction in a winged amphipod H. D. Pratt & R. C. Fleischer

229 Flight behaviour attenuates the risk of predation in small birds R. Bischof, A. Mysterud & J. E. Swenson

232 Consistent male–male paternity in a population of song sparrows C. D. H. Sherman, E. Wapstra & M. Olsson

235 Deep-sea mystery solved: astonishing findings from the deep sea C. C. Ioannou & J. Krause

240 Asymmetric reproductive isolation during simultaneous sexual dimorphism in pulmonates A. Thomasson, R. Loh & T. Aarre

252 Extreme weather events influence dispersal of native northern fur seals M. A. Liu, D. Johnson, R. Bean, J. Stanberry, S. Melin & T. Calhoun

258 Opinion piece. Marine mammals’ influence on ecosystem processes affecting fisheries in the Barents Sea is trivial P. J. Conlisk

262 Parental effects on offspring life histories: when are they important? R. M. Hodges, A. G. McAdam & C. U. Guillemette, Q. E. Fletcher, S. Boutin, M. C. O. Ferrari & D. P. Chivers

268 Relationships between population size and pollen fates in a moth-pollinated orchid species A. Gardiner, R. K. Butlin, W. C. Jordan & M.-A. Lea

270 The impact of host aggressiveness on sexual allocation by the gregarious dung beetle that kills millipedes S. Taraka

274 Feeding muscles scale differently from swimming muscles in sunfish L. L. Brown, V. Morales & K. Summers

278 Costs of reproduction in a long-lived bird: large clutch size is associated with lower survival in the presence of a highly virulent disease S. Des Thereaux, H. C. Cadiou, J. Bég, E. J. Butler & M. R. Forten

282 Asymmetric reproductive isolation during simultaneous sexual dimorphism in three fish families G. D. Johnson, J. R. Paxton, T. T. Sant, T. P. Sant, T. Sude, M. Nohida & M. Mya

286 Genetic compatibility and hatching success in the sea lamprey (Petromyzon marinus) R. Rodríguez-Muñoz & T. Tregenza
