SUBSCRIPTIONS

In 2013 *Biology Letters* (ISSN 1744-9561) will be published bimonthly, with six issues a year. Full details of subscriptions may be obtained either by contacting our journal fulfilment agent, Portland Customer Services, Commerce Way, Colchester CO2 8HP; tel: +44 (0)1206 796351; fax: +44 (0)1206 799331; email: sales@portland-services.com or by visiting our website at royalsocietypublishing.org/info/subscriptions. From 2008 personal subscriptions are available for this journal – see prices. Full ordering information can be obtained from Portland Customer Services. These rates apply to bona fide individual use only. They must be paid by personal cheque or credit card, and orders cannot be delivered to an institutional address. The Royal Society is Registered Charity No 207043

AIMS AND SCOPE

Launched as an independent journal in 2005 *Biology Letters* is a primarily online, peer-reviewed journal that publishes short, high-quality articles from across the biological sciences. The scope of *Biology Letters* is vast: publishing high-quality research articles and opinion pieces in any area of the biological sciences. However, we have particular strengths in the biology, evolution and ecology of whole organisms. We also publish in other areas of biology, such as molecular biology and neurobiology, where these bear on organismal, population and evolutionary biology. Articles submitted to *Biology Letters* benefit from its broad scope and readership, dedicated media promotion and an average turnaround time of 4 weeks to first decision. The journal is particularly suited to research that requires high visibility due to its cross-disciplinary nature or novel findings.

Subscription prices 2013 <i>Biology Letters</i>	UK, Europe and RoW	Europe	USA, Canada and RoW
Institutional – online only	£1024	€1331	\$1917
Institutional combined online with print	£1433	€1863	\$2683
Personal	£173	€224	\$327
